

### **Field Experience & Student Teaching Information**

**Pickens County Schools welcomes pre-service educators into our system. We are happy to work with future educators as they prepare to enter the teaching profession. In order to be considered for placement, all requests must be submitted to the Personnel Department by the field placement office of the College or University of the pre-service educator. The Personnel Department will coordinate with the schools to determine a placement. When requesting permission to observe or student teach in our system, please submit the following documentation:**

- 1. Official request from the college/university stating the number of hours required during the observation or student teaching experience, targeted grade levels, and school preference of the observer.**
- 2. Complete an official application for employment online at [Jobs at Pickens County Schools](#).**
- 3. Submit a copy of your latest Security Background Check.**

**Please contact the Personnel Department at 706-253-1700 for more information.**
