

RE: SB-10 and Georgia Special Needs Scholarship

Dear Parent/Guardian:

As a parent/guardian of a student who receives special education services in the Pickens County School District, parents have an option to exercise public and private school choice. Under a new state law passed by the Georgia State Legislature in 2007, parents of students who receive special education may choose to transfer their child to another public school or private school in Georgia.

Public School Choice Options

Option 1. A parent can request a transfer to another public school within his/her school system as long as available space exists at the school, and the school has a program with the services agreed to in the student's existing individualized education program. If the parent choose this option, then the parent shall be responsible for transportation to the school.

Option 2. The parent may request a transfer to a school in another school system if there is available space and the system and school has a program with the services agreed to in the student's existing individualized education program. A school system must agree to accept the student; however, if the parent chooses this option and the school system accepts the child, then the parent shall be responsible for transportation to a school in that system.

Option 3. The parent may also request a transfer to one of the state schools for the deaf and/or blind operated by the state Board of Education. Acceptance into a state school will depend if that setting is appropriate for the student's needs. If the parent chooses this option, then the parent shall be responsible for transportation to the state school. Please contact the Georgia Department of Education for more information about transferring to a state school.

Private School Choice Option

Option 4. If you are interested in transferring your child to a private school in Georgia, you may be able to take advantage of a Georgia Special Needs Scholarship. These scholarships provide funding that can be used to offset tuition costs at participating private schools in the state of Georgia.
