

Board Policy

Descriptor Code: GAN

Personnel Smoking

DATE: August 4, 2004

---

No tobacco products shall be used in any school facility, including gyms, stadiums, baseball fields, by an employee in the presence of students during normal school day as well as practice or participation in any extracurricular activity while on duty.

Principals of each school will designate one area outside the building as a smoking area for staff.

Any faculty member who violates the policy or permits a student or students to use tobacco products will be subject to appropriate disciplinary action, including reprimand, suspension with or without pay or termination.
